Scavenger Waste Hauler Permit Instructions

Please provide all requested information accurately. The Scavenger Waste Hauler Permit is a legal document. Any name or address change will require a new Scavenger Waste Hauler Permit. An officer of the company must sign the permit or designate someone else the responsibility by attachment letter with the permit package. The permit application refers to sections of the Sewer Use Law, which is available in the "Related Documents" section of this Web page.

Pure Waters, under Section 57 of the Worker's Compensation Law and Section 220-subdivision 8 of the Disability Benefits Law, is required to have on file, proof that your company has worker's compensation and disability benefits for your employees. A form from your insurance carrier stating such coverage will thus be required before your permit can be processed. Also, the permit cannot be issued without a Department of Environmental Conservation (DEC) Waste Transporter Permit in effect. If the NYSDEC permit expires, you can no longer use our facilities for discharge until a current permit is obtained.

A permit fee of thirty dollars should be payable to Director of Finance, County of Monroe. All copies of the application, the form from your insurance carrier, check and copy of a current DEC Waste Transporter Permit should be mailed to:

Division of Pure Waters
Industrial Waste Control Section
444 E. Henrietta Road, Bldg. 15
Rochester, New York 14620

If you have any questions regarding the permit, please call the Industrial Waste Control Section at 760-7600 option 4.
